Shakespeare's Pizza is dedicated to being a responsible corporate citizen of central Missouri. We owe our success to our community. We are proud that we can make substantial and significant contributions to some of the many organizations that enrich and strengthen that community in so many ways; besides, it's more rewarding than another tattoo.

While we regrettably cannot respond favorably to all of the many requests we so frequently receive, we will be glad to consider your request if you fill out this form. It presents your ideas to us in a way that allows us to efficiently and effectively evaluate them. You may add or substitute any additional sheets, letters, pamphlets or forms you feel appropriate. Submitting this form does not guarantee that we will approve your request. The requests we receive is generally many, many times the number that we can approve.

Please use this form for requests that are genuinely charitable in nature. Are you a non-profit and/or tax-deductible organization? Do volunteers run it? Does your organization help those that are truly in need? Does your organization enrich, strengthen or in some way add to the quality of life in our community? If your request should more appropriately be considered a marketing opportunity, we'll forward it to the guys who write the Add Sheet ads. Then you'll have to deal with *them*, and you might think about a cold foamy one first, if you want to go there.

Advance notice *really* helps. Advance notice means weeks, at least. If you are requesting a donation for an event that is earlier than this, it is very unlikely that we can respond favorably. We really can't decide this afternoon about a donation for tonight or this weekend. Also, we do not donate to individual persons, groups that discriminate, political organizations or causes, or other pizza joints.
